

The Eighth-grade Team Improvement Plan focuses on lowering the number of referrals, increasing student attendance, and encouraging promptness to school. We seek to limit the number of referrals by reinforcing positive student behaviors through the school-wide Positive Behavior Interventions and Supports Program. Students with perfect attendance and promptness will be rewarded each quarter by having their name placed in a grade-wide drawing. Winners of the drawing will receive spirit wear from their selected high school and/or tickets to high school events.
